Mā whero mā pango ka oti ai te mahi

Through Hapū, Tribal and Te Kāhui Pakeke hui, **succession** has been noted as a **priority** of Te Waimana Hapū & Whārua development. In July 2016, Te Waimana Kaaku Trust was granted funding to draft a strategy for **Leadership and Succession for Te Waimana Kaaku**. As part of this mahi, Rangatahi have been engaged to project plan, run workshops and carry out interviews with ngā kanohi kitea ō Te Waimana Kaaku Hapū. To date, they have shared this kaupapa with Te Kāhui Pakeke, Te Waimana Kaaku Tribal hui at Tanatana and through an information workshop held last night.

Leadership is not about titles, positions, or flow charts. It is about one life influencing another.

Tātau Katoa Ka Toa Tātau

Succession is fostering a culture of growing talent from within, by providing the support to better equip them for the challenges of today and readiness for tomorrow.

Earlier this year, Hōri Hillman and a groups of keen pakeke opened a forum for **Whaikōrero wānanga**. An awesome start to succession planning mō ngā tunga o mua.

In 2017, it is planned to include **Karanga** into those wānanga.

Mēna, kei te hiahia koe ki te whai atu, ki te ako i ēnei ō ngā kaupapa hira, tukuna mai to ingoa, me tō nama waea ki te Tari 312 3700.

Te Ahi Kaa Roa Community Maara Kai

A roopu of keen community members with a desire to **give back to the community** and support **whānau and hapū sustainability** have established two **Maara Kai**, one up Hodges Road and the other at Tātaiāhape.

With the kind support of local land owners, farmers and hapū members the ground has been ploughed and kūmara, pumpkin, kamokamo and rīwai have been planted.

Whānau are welcome to lend their hands, donate seeds and share their knowledge of planting with the roopu.

I pōhiri atū ngā Taraipara o Tūhoe, kia rauika ia o ngā pākeke o Tūhoe mō te matemateāone te hua.

I horahia he kai, he waireka, ā, i haruru ana ngā oro o tuawhakarere.

I tae rātau i roto i a rātau kākahu tino ataahua i te pō whakahirahira mō rātau.

In conjunction with GNS and Victoria University, **Te Uru Taumatua** will undertake a joint project to search for dinosaur fossils within **Te Urewera**. This follows a discovery and subsequent research beginning near the southern boundary of **Te Urewera** 30 years ago.

Base camp and field parties will be established to do this mahi. It is anticipated that a Pakeke, Rangatahi and other interested people from **Te Waimana** will participate. Team sizes to be advised.

If you are interested in being a part of this kaupapa, please ring or call into the Tari.

A reasonable level of fitness is required and some bush experience is preferred as there may be a need to walk some very rough terrain. Camping out in tents & bivvys will also occur.

On 23 November, Te Waiti Tākao and Cindy Ohlson participated in a **River Crossing Safety** workshop alongside whanau from Ruatoki and the Onukurangi Team. Knowledge gained can only **increase** the **skill** level of those individuals as well as **strengthening** the **knowledge** base of

Te Waimana Whārua.
